PRESIDENT TALKS TO DELEGATES OF ANNUAL CONGRESS

Praises D. A. R. for Influence on American Life

(By The Associated Press)
WASHINGTON, April 16.—With more than 2,000 delegates in attendance, the thirty-second annual congress of the Daughters of the American Revolution, convened here today.
During the day addresses were delivered by President Harding, who praised the organization for its wholesome influence on American life and by Mrs. George Maynard Minor, president-general. Secretary Hughes was one of the speakers at tonight's session.
Mrs. Minor declared that Pacificists were attempting to disarm America and kill patriotism in the hearts of her defenders.
Women of the nation, she asserted should join in a concerted effort to frustrate attempts of disloyal individuals and organizations to destroy American institutions.
Declaring that Americans must awaken to the danger confronting them, Mrs. Minor said it was time "to tell all radical agitators that there is no room in this country for the reds."
The crusade against disloyal doctrines could probably be launched in the schools, she added, adding that more than 12,000 women became Daughters of the American Revolution bringing the total membership up to 135,172.

During the course of her address Mrs. Minor reported that during the past year more than 12,000 women became Daughters of the American Revolution bringing the total membership up to 135,172.

PRINTERS STRIKE SEEMS IMMINENT ON NEWSPAPERS

Trouble Starts Over An Advertising Contract

(By The Associated Press)
CHICAGO, April 16.—A temporary injunction restraining union composers and proofreaders employed by all newspapers in Chicago from striking because of difficulties in connection with an advertising contract, was issued by Superior Judge Dennis E. Sullivan today.

The injunction was obtained by R. K. Donnelly and Sons, printers, and is directed against Chicago Typographical union No. 16 and S. N. Gann, president. Because advertisements for a department store were made up by a non-union composing room in the printing plant the union demanded that newspapers refuse to print the advertisements.

When the paper refused a strike was ordered. Printers employed by the newspapers refused to obey the order. It was said, however, because Judge Sullivan granted the injunction that a second order to strike might be obeyed and the Donnelly firm sought the injunction to protect their contract with the State Street firm.

The writ enjoins union officials from ordering a strike of members of the union from obeying such an order.

W. A. FAY IS NOW LOCAL POST MASTER

Will Enter Upon His Duties Today as Successor to Ralph I. Dunlap

William A. Fay was last night sworn in as Jacksonville postmaster and will assume his duties today. Mr. Fay was appointed by the president Feb. 26 and the appointment was confirmed by the senate March 1. There has been some delay in the receipt of the new postmaster's commission, owing to the fact of President Harding's absence from Washington. It is necessary for the postmaster's commission to have the personal signature of the president.

Mr. Fay succeeds Ralph I. Dunlap who has held the office for the past eight years. Mr. Dunlap has filled the position in a very satisfactory way. During his term of office the service has improved and the public has been accorded every courtesy.

Russell Harmon of Franklin was a city caller Monday, but the young lady refuses to have her name mentioned.

LORD ROBERT CECIL BOOSTS LEAGUE OF NATIONS AT CHICAGO

Tells What League Has Accomplished Since Organization

(By The Associated Press)
CHICAGO, April 16.—Forces more serious than those which caused the World war and other European conflicts have been quietly settled and the possibility of a return of general armed conflict removed by the League of Nations since it began mediation among world affairs, Lord Robert Cecil declared here today before a crowd at Orchestra Hall.

Applause which the speaker brought forth at the outset of his address when he declared that "war is a wicked and horrible thing" recurred when after outlining the losses in money and men during the World war he declared that the nationwide demand for peace in England was the reason in that country for the support of the league.

Of four international disputes put before the league for settlement in three cases complete settlement of the difficulty was made while the fourth, the dispute between Lithuania and Poland over Valna, was not agreeable to either party and was not accepted Lord Cecil said.

"The league has rescued Austria from financial chaos which threatened the peace of that part of the world, rescued it by as fine an exhibition of disinterested international statesmanship as has ever been seen in the history of the world," he said, "but that is the least part of what it has done. It has rescued half a million prisoners of war, fought against diseases coming from the east, taken a real step forward for the suppression of the opium traffic and the traffic in other dangerous drugs; brought into operation and co-operation a real mass of nations in order to exterminate that blot on our civilization—traffic in women and children."

Following his address Lord Cecil left the hall with friends for Hull House, where he was to renew acquaintances with Jane Addams, a friend of many years, and dined at the settlement house. He was to leave on a night train for Cincinnati, where he is to make a noon day address tomorrow.

From there he will proceed to Louisville, Ky. for an address tomorrow night and thence to Richmond, Va., Washington, D. C., New York and Boston, sailing from New York on April 28 for England.

Former Governor GETS JAIL SENTENCE

(By The Associated Press)
OXFORD, Miss., April 16.—Theodore G. Bilbo, lawyer, political leader and former governor of Mississippi tonight was under sentence to serve thirty days in the Lafayette county jail for contempt of court as a result of his failure to respond to a federal court summons to appear as a witness for the plaintiff in the suit for damages filed by Miss Francis Birkhead of New Orleans, stenographer against Lee M. Russell, governor of Mississippi.

The sentence was imposed in United States district court here today by Judge Edwin R. Holmes when Mr. Bilbo pleaded guilty to the charge and announced himself ready to suffer "what, in the light of all the facts and conditions of this case, the penalty of this honorable court shall be."

Judge Holmes fixed the punishment at thirty days in jail, in addition to a fine of \$100, denied a request that execution of sentence be deferred until he could dispose of cases in the Pearl River county circuit court, in which he appeared as counsel, and gave him over to the United States marshal for delivery to the county jail.

Major Schutt To Be Tried at Early Date

(By The Associated Press)

MUSKOGEE, Okla., April 16.—Major J. C. Schutt of Wagoner, Okla., will probably be tried in United States district court here within a few days on a charge of possession of liquor, it was indicated at the district attorney's office today. Major Schutt was released Saturday on \$5,000 bond following a hearing before R. M. Mount-Castle, United States commissioner for appearance at a term of court which opened today.

Harry B. Burton, former mayor of Kansas City, Kansas, and his brother, Charles, who were apprehended with Major Schutt at Wagoner Friday night were released after the hearing. Commissioner Mount-Castle said the Burtons were Major Schutt's guests. He said that the Burtons were Major Schutt's carried it into a Wagoner hotel. The Burtons were with him, the commissioner explained, but the evidence indicated the liquor did not belong to them.

Burton Denies Charge
Kansas City, Kan., April 16.—Harry Burton, former mayor of Kansas City, Kansas denied here today that he and his brother, Charles Burton, were with J. C. Schutt of Wagoner, Okla., when Schutt was arrested on a charge of violating the federal liquor law. The Burtons returned to Kansas City last night.

Mr. Burton said the three had been looking over coal lands last Friday and had returned to Wagoner. He and his brother had retired, he said, and he did not know until the following morning of the arrest of Schutt in the lobby of the hotel during the night. The former mayor said he and his brother were questioned by the United States commissioner at Muskogee the following day but that no charges were filed against them, although Schutt was charged with violation of the federal liquor law. Mr. Burton said he and his brother explained to the commissioner that although they had been with Schutt during the day, they knew nothing about the liquor which he had when arrested that night.

"No charge was placed against us," said Mr. Burton today. "The commissioner said we were absolved from blame."

KILLER OF THREE PERSONS IS GIVEN PRISON SENTENCE

Wealthy Clubman Sent to Penitentiary on Murder Charge

(By The Associated Press)
PHILADELPHIA, April 16.—Solitary confinement in the Eastern State Penitentiary for not less than six nor more than ten years was the sentence given today to Henry G. Brock, wealthy Philadelphia clubman for killing three persons with his automobile from a trolley car. Testimony was presented to show that Brock was intoxicated, that his machine was running at a high rate of speed that he never slackened after the crash. His machine was found disabled four blocks from the place of the accident. Brock did not publicly admit the responsibility until he appeared in court today and pleaded guilty to murder in the second degree.

Bernard T. Law, at whose home Brock spent the evening, testified that Brock drank six bottles of ale and was intoxicated when he left for Philadelphia.

FOUR JURORS ARE TENTATIVELY ACCEPTED

(By The Associated Press)
HARRISBURG, Ill., April 16.—Four jurors had been tentatively accepted in the trial of Mrs. Annie Lasley, charged with shooting Mrs. Grace Watkins, when court adjourned tonight. The court room was crowded today, a majority of those present being women. Mrs. Lasley sat beside her attorney deeply concerned, but smiling occasionally.

With Mrs. Lasley in court was her husband, from whom she was separated at the time that Mrs. Watkins was killed. It is said that Lasley and his wife have been reconciled. Watkins and his three small daughters were in the court room today, occupying seats near the prosecuting attorneys.

State's Attorney Thompson is being assisted by Charles Duffee of Golconda. It is believed that a jury will not be secured before tomorrow night.

FAIL TO GET BID ON SOLDIER BONUS BONDS

(By The Associated Press)
DES MOINES, Iowa, April 16.—The state today made three attempts to sell by auction and by sealed bids its \$22,000,000 sold bond bonus bond issue and failed to get a bid. Another attempt will be made tomorrow morning. Failure to get bids tomorrow probably will make it necessary to readvertise the bonds, probably at a higher interest rate. The bonds offered today bear 4 1/2 percent interest and are tax free. Bond men pointed out in explaining the failure to bid that government 4 1/2s are now selling on the market slightly below par.

Springfield, Ill., April 16.—Governor Small today honored requisition papers of the Governor of Ohio seeking the return to Cincinnati of Gordon Thomas, alias Oliver Daugherty, wanted there to answer the charge of robbing Leslie Tull, of \$25,000 of Government securities and other paper. Thomas is now concluding a term at the Chicago House of Correction.

CHICAGO BOARD OF TRADE PRESIDENT MAKES COMMENT

Says Court Decision Gives Grain Exchanges Approval

(By The Associated Press)
CHICAGO, April 16.—American grain exchanges have now been given the stamp of governmental approval, John J. Stream, president of the Chicago Board of Trade declared in a statement tonight on the supreme court's decision upholding the grain futures act.

"We feel," he continued, "that this action will tend to encourage the grain trade into greater use of the futures trading system for hedging and for commercial price insurance purposes."

As the law is interpreted the futures market will not be interrupted in any way during the formalities incident to the application of grain exchanges for designation as contract markets. The law specifically preserves the futures market, grain trade leaders pointed out and gave it official recognition as a necessary factor in the economic marketing of foodstuffs.

Mr. Stream made it clear that the board of trade would co-operate to the fullest extent in the enforcement of the new law.

"Every provision of the act," he said, "will be strictly conformed to by members of our association. Should the law fail to accomplish the purpose for which it is intended, it will be thru its own deficiencies and not as a result of any hindrance on the part of the grain exchange."

It will be impossible, according to Mr. Stream and other grain trade leaders to determine what effect some of the provisions of the law will have upon the orderly marketing of food commodities.

Future Holds Answer
The future alone holds the answer," President Stream stated. For several weeks the question of admitting farmers co-operative organizations to membership in the board of trade had been under consideration thru voluntary action by the exchange. Leaders on the co-operative groups had held conferences with officers and directors of the board for the purpose of ironing out the remaining differences that existed. After a recent conference it was announced that splendid progress had been made.

"Under the new law," Mr. Stream concluded, "the grain exchange meets all the demands made upon it by leaders of the various agricultural co-operative groups. Our association will do its utmost to maintain the high standard of marketing efficiency which has for years been an outstanding chapter in America's commercial history. Maintenance of the standard will be possible only thru the constructive help and co-operation of farmers and their representatives and a lessening of political agitation."

DEVER INAUGURATED AS CHICAGO'S MAYOR

(By The Associated Press)
CHICAGO, April 16.—William E. Dever was installed tonight as mayor of Chicago. He succeeded William Hale Thompson, who has held the office during the past eight years. The retiring executive read a brief message summarizing the achievements of his Republican administration before a throng that packed the court chamber to the doors.

The oath was then administered to Judge Dever. Former Mayor Thompson next placed in Mayor Dever's right hand the gavel he has wielded as presiding officer over some four hundred council meetings and which will be used by the new executive for the next four years.

Mayor Dever announced his cabinet as follows: Morgan A. Collins, chief of police. Martin J. O'Brien, comptroller. F. X. Busch, corporation counsel. A. A. Sprague, commissioner of public works. C. F. Smith, deputy commissioner.

Nichols R. Flinn, president of the civil service commission. Mary E. McDowell, commissioner of public welfare. The new mayor came to Chicago thirty-five years ago as a tanner's helper and in his inaugural speech he recounted his experiences as a boy, member of the council and as a judge.

BELIEVE RUM CREW STAGED FAKE MUTINY

New York, April 16.—Belief that the crew of the rum runner Patrick Dehan found adrift with sails set Sunday morning off the Long Island coast had staged a "fake mutiny" and had fled with the 200,000 obtained from selling a cargo of 4,000 cases of whisky, was expressed by authorities tonight. Lack of blood stains on the craft, whose decks were littered with empty cartridge shells and on whose cabin a machine gun was mounted, led officials to drop the theory that rum pirates had looted the ship after killing or disposing of the crew.

CONFESSED SLAYER OF SUPERIOR IS GIVEN SENTENCE

Rev. Charles Dillon on Way to Prison for Life

(By The Associated Press)
KALAMAZOO, Mich., April 16.—The Rev. Charles Dillon, confessed slayer of his superior, Father Henry O'Neill, pastor of St. Augustine's Catholic church here was on his way tonight to prison at Marquette. There he will lay aside the habits of a priest which he has worn for years and don for the remainder of his life, the drab, rough uniform of the penal institution.

Father Dillon, refusing to plead for mercy on the ground of insanity, and declaring he was "ready to pay," received the life sentence today from George W. Weimer, circuit judge.

Father Dillon shot Father O'Neill at the dinner table in the priests home last Thursday night. The slaying was the culmination of a grievance nursed for weeks by Dillon, who was assistant to the slain priest. His superior, Father Dillon said, treated him "like a child."

The confessed slayer, although criminal act automatically unfrocked him, clings to his faith. He has spent much of the time since his arrest in reading his Bible. The Bible was numbered among the few personal possessions that he took with him to night on his journey north.

Father Dillon wore the conventional black and the Roman collar when he departed in company with a police captain. He will remove these symbols of his calling until he arrives at Marquette.

The confessed slayer hopes to continue his missionary work among the prisoners at Marquette, he said before his departure. "I am no longer a priest," he said, "but I will do what I can while in prison to teach the way of life to others."

Judge Weimer, after receiving the plea of guilty, took him into his private chambers for a conference before passing sentence. After the sentence the judge announced that during the conference he had explained to Dillon with much care the matter of legal insanity.

"The respondent is highly intelligent and capable of understanding all that has been said to him," the court said. "He insists that he was not driven by any controllable impulse that he understands the difference between right and wrong, that he had no legal or moral right to kill Father O'Neill. He says his act was deliberate and premeditated, that he has been harboring a grievance against his act for a long time, and that he purchased the gun nine days before the shooting for the purpose of killing Father O'Neill if the occasion arose. He insists he was sane."

GRAIN FUTURES ACT DECLARED CONSTITUTIONAL

U. S. Supreme Court Handed Down Decision Monday

(By The Associated Press)
WASHINGTON, April 16.—The grain futures act placing all grain exchanges under federal control and compelling them to admit to membership representatives of farmers' co-operative associations was declared constitutional the supreme court today, the court dividing, seven to two.

The law was challenged by the Chicago Board of Trade, acting also in behalf of other grain exchanges on the ground that trading in grain futures was a matter strictly within the police power of the states and outside the jurisdiction of the federal government.

When congress, seeking to accomplish the result aimed at, in the present law, imposed a prohibitive tax on all future trading not conducted on "contract" markets, and required all exchanges to place themselves under government control as a condition precedent to becoming such markets, the supreme court declared the law invalid and an unconstitutional exercise of authority.

Promptly congress met the issue by re-enacting substantially all the regulatory features of the law, but based its new exercise of authority on its control over interstate commerce, declaring that trading in grain futures, unless properly regulated by the federal government could be made a restraint upon interstate shipments of grain.

Grain exchanges interposed uncompromising objections. The government supervision was declared by them as not practical.

Difference of Opinion
Counsel for the exchanges pointed out that their members were required to charge uniform commissions on trades made by them, whereas congress proposed to force them into competition with new members representing the farmers' co-operation associations organized on the basis of returning to the owner of the grain the full price for which it was sold, deducting only the cost of administration which it was calculated would be considerably less than the standard commission.

Attorneys for the Chicago Board of Trade relied on recent decisions of the supreme court particularly in the stock yard and packers and the original grain futures trading cases, in establishing precedents for holding the present law invalid. Chief Justice Taft, who delivered the majority opinion to which Justices McReynolds and Southerndore dissented without delivering a minority opinion stated that the decisions referred to established, in the judgment of the court, clear grounds for holding the new law valid. Under the showing made by the evidence and argument presented in the case he said, the court would not question the accuracy of the decision of congress that transactions on grain exchanges were susceptible of being made a restraint on interstate commerce.

Grain moving to market thru grain exchanges becomes as much a part of interstate commerce, the chief justice declared as cattle, hogs and sheep passing thru the stock yards and packing houses. The court had decided that the latter did constitute interstate commerce, he said and found no difficulty in reaching the conclusion that the government could as effectively and legally regulate the movement of grain.

So impressed with the public interest are transactions in grain he added that exchanges on which they are made necessarily become legitimate subjects for federal supervision, including even their membership. It was properly within the functions of congress, the court held not only to impose supervision over the transactions but to define who should be permitted to engage in interstate commerce.

MITCHELL CASE NOW IN APPELLATE COURT
Aley Man Who Got \$30,000 Judgment Against Public Service Corporation Must Fight For Sum in Appellate Court of State—Local Attorneys Working on Defense.
The case of Elmer Mitchell vs. the Central Illinois Public Service Co., is to be tried Thursday in the state appellate court at Springfield. It is a case in which people of Scott and Morgan counties are especially interested, as Mr. Mitchell, the defendant, is a resident of Aley, and was for six months a patient at Passavant hospital here, following serious injury received from contact with a high tension live wire on July 4, 1921. The wire was owned by the company appearing as plaintiff in the case.
In the trial of the case in the Scott county circuit court at Winchester, Mitchell was given judgment against the company for \$30,000 by Judge E. S. Smith. The appeal of the case by the company followed, and the hearing is set for Thursday of this week. The local attorneys, Hugh P. Green and John J. Reeve, and J. M. Riggs of Winchester will submit the oral arguments for the defendant. Attorneys who will argue for the company are Funk & McKee of Winchester and Bause & Klier of Mattoon, the counsel for the corporation.
A legal battle of considerable importance is expected. Briefs on both sides have already been submitted. The company attorneys sent to the court a 64-page brief, and the attorneys for Mitchell responded with an 86-page brief, in which they spent days and nights of careful preparation. The hearing Thursday is to consist of the oral arguments, to be made by both sides.
If the appellate court affirms the decision of Judge Smith and allows the judgment of \$30,000 the company may take a writ of Certiorari to the supreme court of the state. If this writ is denied by the body the judgment stands. However, if the appellate court fails to affirm the judgment, the case is lost for the defendant.
Arguments in Mitchell's favor are very strong. There is evidence to prove that the injuries inflicted by the high tension wire were serious beyond description. Mitchell here unconscious, and remained in that condition from the fourth of July to the middle of August. His right arm was so badly burned that skin grafting was necessary to heal the wounds, and the bone was also burned. Physicians now say that the arm is only twenty per cent sound. The balls of his feet had serious burns; on his back was a burned area as large as a plate. In fact there were serious and painful injuries over the entire body.

FRED HIGH BELIEVES FACTORIES POSSIBLE
Eminent Publicist Says City Can Have Industries—Will Put on Campaign and Write Booklet Telling of City's Advantages—Date Set for May 6 to 13.
"There is no reason why you folks in Jacksonville should not bring factories here," said Fred High, of the Billboard staff, before an audience of 250 people at the Chamber of Commerce for Monday night. Mr. High continued: "Culture and education such as you have here, are all right, but you must care for your bread winners. The town which would grow and be prosperous must have factories. You have the location and the advantages, and there is no reason why you should not get industries here."
Mr. High has been engaged to put on a week's publicity campaign in this city and surrounding towns, the arrangements having been completed yesterday afternoon. Mr. High will be here during the week of May 6 to 13. A definite program of meetings in and out of the city will be outlined previous to the campaign.
It is planned to hold public meetings in communities surrounding Jacksonville, and within a radius of twenty-five miles. These will be held in the evenings. During the day, Mr. High will be in the city, addressing meetings of various groups. There will probably be a joint meeting of Rotary and Kiwanis clubs, a mass meeting of the woman's organizations of the city, and many other gatherings. It is Mr. High's purpose to gather facts about Jacksonville, its resources and advantages, and tell them to the people. He will also publish these facts in an attractive booklet which will be distributed all over the United States.
It is probable that a five reel motion picture, "The Builders," will be shown here sometime during the week. This is a picture of achievement, showing what may be done in a city or town when everybody boosts and works for the good of the community. It has a plot, with a love story running thru the scenes, and is as attractive as the regulation film play.

TOM MIX in Romance Land
Tom Mix is in a new kind of picture; that is a new kind for him. It is described as the story of a modern Ivanhoe. Tom portrays the character of a cowboy who reads "Ivanhoe" and fancies himself to be a modern knight who has set forth to rescue his fair lady. There are armor and broadswords and many brave imaginings. The girl is imbued with similar thoughts, caring more for the tales of King Arthur than she does for modern fiction.
The scenes include a tournament arranged in Western fashion, a rip-roaring fight and Tom Mix crossing a river in a tool bucket suspended from a cable two hundred feet in mid-air. The action does not let up for a minute, the story is replete with tense situations and brightly tinged with comedy.

County Young People's Conference Ended Sunday

The Older Boys' and Girls' Conference closed Sunday night with the session in the Christian church and was the means of reaching the largest number of boys and girls from 14 to 24 years of age ever brought together in Morgan County to discuss Sunday school work.

While the program as arranged was changed a number of times, it was a practical and interesting one from start to finish and not a moment was lost. Owing to a revival in his own church, and some important work in connection with developed last Friday, Mr. Seacock of Virden was unable to be here. As the conference bore a message came from Mr. Wing that the sudden illness of Mrs. Wing prevented his leaving home in time to reach Jacksonville earlier than 7:20 Saturday night.

Miss Maus, however, was equal to the occasion, and with her address on building Four Square, some good singing lead by Floyd Short, a reading by Dorothy Dunavan, and music by the Crown orchestra, of the High school, the first part of the program was a decided success.

The banquet in the evening at the Central Christian church was served cafeteria with the usual good eats furnished by the women of the church. The conference members had a fine social hour, in an informal way in the lecture hall. The toastmaster, George Wetzel introduced Mrs. Clarence Rataclak, who entertained with selected readings. Alfred Cranwell, Robert Furry, Garneda Phelps and Virginia Smith responded in a happy manner to the toasts assigned them. Class yells and kindred expressions gave a number of groups an opportunity to express themselves in a way well known to young people.

Mr. Wing arrived at this time and was introduced. The High school class of Central Christian church gave a good stunt, and Miss Maus entertained the bunch with an explanation as to why she was still Miss Maus. It was a real "scream" and was followed with another side-splitting story.

The evening program included: Music by Misses Dorothy, Catherine and Olive Randle and a reading by Miss Dorothy Dunavan. Mr. Wing in his first address gave the service program for every month on the year, as it had been outlined for the County Council of Young People to be carried to every school in the county.

Mr. Wing, always a favorite with the young people made it very plain that thru this channel a most effective service could be rendered to every Sunday school class in the county.

A fitting climax to this wonderful day was the address by Miss Maus, on "What Shall I Do With My Life." It was a passionate appeal with real drawing power that went straight to the heart of every listener. No stronger appeal along these lines was ever given the young people of Jacksonville. This one address was worth all the time and effort to put across the conference. It is a matter of deep regret that at least 1,000 young people did not hear this truly wonderful message.

Sunday afternoon Floyd Short was at his best in leading the singing. Mr. Wing presented the county council outline of organization to reach each precinct Sunday school and class. This organization was started by the election of the following officers:

Girls.
President—Virginia Cumming.
Secretary—Garneda Phelps.
Treasurer—Florence Galley.

Boys.
President—Alfred Cranwell.
Vice President—Kenneth Schofield.
Secretary—Clarence Wilson.
Treasurer—William Wood.

The Short family, always a delight to hear, presented a musical number in perfect harmony with the program of the afternoon.

At this session in response to an appeal that the conference take some

action against the open, public commercialized dance, the resolutions committee was appointed and instructed to include this item in their report to the evening session. The committee selected was Gale Jackson, Virginia Smith, Alfred Cranwell, Elizabeth Hardesty, Elizabeth Scott, Keith Schofield, With Charles H. Story and Chester Colton as adult advisers.

In the evening Miss Alice Rimney and Misses Helen and Lois Harney gave special vocal numbers. Lyndall Conboy accompanied by Professor Kitcher gave a violin solo and Miss Alice Mathis ended the conference with an organ solo. Mr. Wing and Miss Maus presented their addresses as planned and the conference closed.

THE QUICKEST OATS KNOWN

There is now a Quick Quaker Oats—the quickest cooking oats in the world. It cooks in 3 to 5 minutes as well as an hour would cook it.

The same super-flavor that made Quaker Oats world-famous. Flaked from the finest grains only. But the oats in this style are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

Your grocer has both styles—Quick Quaker and regular. And both have that matchless flavor.

Some things you should know about your heart

THE first thing a physician examines, when summoned, is the heart pulse. A normal heart will beat one hundred and three thousand times each day. You depend on it to beat every second of your life. You realize the heart should not have to overwork constantly to throw off blood impurities. It is impurities which increase the heart beat. More red-cells mean cleaner, purer, richer blood. They mean nerve-power, because all your nerves are fed by your blood. This means freedom from pimples, from blackheads, etc. today!

YANKEES AND GIANTS ARE PICKED TO WIN

Prophets Believe Teams Will be Contenders for World's Series For the Third Time.

NEW YORK, April 16.—Baseball's prophets, noted for their inability in October to remember what they predicted in April, made their 1923 guesses today, the eve of the major league season. Consensus of the prophets draws the New York Giants and Yankees as world series opponents for the third time in as many seasons.

The Giants opening tomorrow at Boston against the Braves, are chosen to lead the National league because of their extraordinary hitting power and a first class pitching staff. Little is said of their defensive ability although it is rated as the best in the league.

Jack Bentley, purchased from Baltimore, is expected to be a great aid for the mound staff, of which Art Nehf, the Barnes brothers, John Scott, McQuillan and Jonnard are mainstays.

McGraw has not announced his pitching selections for the opening game, but it may be Nehf or Bentley.

RESIDENT HERE 84 YEARS IS HONORED

Miss Sue Ellis Celebrates Ninety Second Birthday at Home of Mrs. Frank T. Irving Sunday

—Is well known Here—Tells Many Experiences of Long Life.

Miss Sue Ellis, or as she is familiarly called by her friends, "Aunt Sue," recently celebrated her ninety-second birthday in a quiet manner at the home of Mrs. Frank T. Irving, 1047 Grove street, Sunday. Although no celebration was held her many friends called to see her and a special birthday cake was prepared for her by Mrs. Irving.

Miss Ellis has lived in Morgan county for eighty-four years. She was born in New Town, Ohio, April 15, 1831. She came to this country with her father and six brother and sisters in 1839. They settled in Coon Run near Concord, before there was any town of Concord, their log cabin was one of the first built in that community.

One of her teachers was Miss Charlotte Prevost, who was a granddaughter of Aaron Burr. This lady taught a few of the neighborhood children in a nearby log cabin. Miss Ellis also recalls that she received several nice birthday presents from Mrs. J. C. Knight of Los Angeles, Cal., who was a great great granddaughter of Aaron Burr.

Miss Ellis told of heating the water on a crane and roasting turkey in a large tin reflector fastened to the fire place, which in those days served as both cook stove and heating stove. "Aunt Sue" very proudly exhibited a beautiful silk quilt which was made by her younger sister, Dorie, about seventy-five years ago and the quilt seems still as bright as new.

When she was young she taught school at Concord, and later taught school in the Jacksonville public schools for seventeen years. For quite a time she was a member of the faculty of the old Jacksonville Female academy and she also ran a private school on West College avenue, which, no doubt many of the older residents remember. Her only remaining relatives are Miss Nona Ellis, R. N., her niece at Evanston, and another niece, Mrs. Maude Ellis Hammitt, of Deland, Cal.

Although Miss Ellis has been confined to her bed for over ten years, she is very cheerful and her mind is wonderfully active for one of her advanced age.

AUDIENCE ENDORSES ROAD BOND PROJECT

Frank Sheets Makes Enthusiastic Appeal for Support of \$100,000,000 Bond Issue for Hard Roads—Tells Forum Crowd What City and County Would Get—Resolution Passed Unanimously.

An audience that filled the Chamber of Commerce quarters almost to capacity Monday evening, listened to a stirring address by Frank T. Sheets, state superintendent of highways, who made an earnest plea for the \$100,000,000 bond issue for the continuing of hard road construction in Illinois.

Mr. Sheets gave home his points with stereopticon slides of graphs and illustrations of various types of road. He showed how the bonds, principal and interest, could be paid off without levying one cent of direct taxes on the people. The entire road bond issue of \$100,000,000 could be paid for from motor license fees, payments to be extended over a period of twenty years.

Unless the legislation for the submission of the bond issue to the people is passed during the present session of the legislature action will be delayed until 1927 when the money will become available. If passed now the people would vote on the issue in 1924, and the money would be available in 1925 just at the time when the present bond issue would be exhausted.

The climax of the meeting came during the discussion, when Mr. Sheets sprung a surprise by telling the audience what Jacksonville and Morgan county would probably get in the way of additional hard roads if the \$100,000,000 bond issue became a fact. It would mean the building of a road from Jacksonville to Virginia. Another would be built to Mercedia, connecting with a route to Mt. Sterling and thence to Quincy. Also the much desired road thru this city to Franklin, Waverly, Auburn to Taylorville would become a fact. Rounds of applause greeted Mr. Sheets' statements, and in a wave of enthusiasm the assembly adopted a resolution recommending the passage of the bond issue legislation.

BUGGY DESTROYED BY SPEEDING AUTO

A buggy belonging to William Bieher of North Church street was smashed, two dozen milk bottles were overturned and broken in the street, and the horse attached to the rig was cut loose about 8 o'clock last evening, when an auto collided with the outfit on West College avenue near the library. The rig was standing at the curb near the residence of Dr. G. R. Bradley. The auto came down the street at a speed which was too fast for the horse and the post to which it was tied. The animal broke loose from the rig, turned north into the alley nearby and started home at no uncertain speed. The buggy was completely wrecked in the collision.

Eye witnesses who saw the car continue its course down the street, state that it did not slacken speed. It appeared to zigzag back and forth across the street, as the driver was uncertain of his control.

ATTEND G. A. R. CONGRESS IN WASHINGTON, D. C.

The national congress of the Daughters of the American Revolution is now in progress at Washington, D. C., with more than 2,500 delegates and alternates in attendance from all over the United States. Wiley.

The funeral services of the late James Wiley Brown were held Monday afternoon at 2:30 o'clock at State Street church. Rev. W. H. Marbach in charge. A large and sympathetic gathering filled the church to listen to the remarks of the pastor, which were well chosen, considering the upright life that had been led by the deceased.

The pastor took for his text, the Beatitudes: "Blessed are they that mourn, for they shall be comforted." He gave four principal reasons for application of the text: first because in this present day we see a new significance of sorrow and see what seems to be a sorrow in a new light; second, we should be comforted with the thought of a life well spent and with the memories of a good husband, father, friend, and man; third, in the thought that God is a living God who helps us in our sorrow, and in the thought that we have faith in the presence of God; and fourth, in the comfort that comes with the thought of immortality and the assurance of a future meeting, knowing as we do that death does not end it all.

Music was furnished by Mrs. George Hollinger, Miss Nellie Cunningham, T. H. Rapp and John L. Johnson, with Willard Wesner at the piano.

Those in charge of the flowers were: Mrs. R. W. Woolston, Mrs. A. G. Leedy, Mrs. Peter Leonard and Miss Edith Nicols. The pallbearers were E. H. Pilson, William Floreth, T. M. Tomlinson, P. V. Coover, A. L. Leedy and William Nicols. Interment was made in Diamond Grove cemetery.

MRS. ANNA HINES GAINED 25 POUNDS

Life Despaired of, Tanlac Completely Restored Health, Declares Chicago Heights Resident.

"The ill left me in such serious condition that my life was despaired of, but since taking the Tanlac treatment I have gained twenty-five pounds and am the picture of health," recently declared Mrs. Anna Hines, 10 W. 23rd St., Chicago Heights, Ill.

"I was taken to the hospital and operated on, but even then they said I couldn't live. When I was brought home I was so nervous I shook like one with the palsy, and even the sight of food nauseated me. I was almost frantic for want of sleep, ached all over, and was just down to skin and bones.

"When things were looking blackest for me I started taking Tanlac, and if it hadn't been for this medicine I don't believe I would be here now, much less able to look after the house and ten boarders. I actually feel the best now that I have in twenty years, and I just try everybody about Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

Walter Woodward was elected on the grade school board and George Hardwick was elected township trustee.

The Junior-Senior banquet was served Friday evening at the Christian church by the Pastoral Helpers. The tables were beautifully decorated, the Senior colors, green and old rose predominating. The following menu was served: fruit cocktail, baked chicken, dressing, mashed potatoes, gravy, creamed peas, biscuits, mint jelly, salad, Saratoga wafers, ice cream, angel food cake, candy, nuts, coffee. The Junior president, Miss Irma Perbix gave a short address and the response was by Carleton Anderson, Senior. After the banquet the party adjourned to the grade school assembly where the Juniors put on a number of stunts and a one act play. Misses Vivian Stuart and Nona Nienhuesser gave a number of popular songs with ukelele accompaniment.

BOOST HOME RULE
FOR ACADEMY HALL

Student government for the girls at Academy hall is advocated in the issue of the Illinois college Rambler, just off the press. The editorial writer for that publication sets forth the advantages which such a plan would for both girls and faculty members who are now their advisors.

Under the plan as explained the government would be vested in a committee of juniors and seniors, residents at the hall, with the matron as the leading member. This committee would act in harmony with the existing hall council, and there would be a disciplinary body to deal with young women who might break the rules.

PUBLIC SALE

M. L. Robinson will hold a public sale at his farm 1 1/2 mi. north of Manchester, Thursday, April 26, at 10:30 a. m. (See bills for terms). 350 stock hogs, 40 brood sows, 150 head of cattle, including a number of good milk cows.

Mrs. Owen Elmore has returned to her home in Beardstown after visiting relatives and friends in Alexandria and Pisgah.

HIGH SCHOOL PUPILS WILL REGISTER SOON

(1) Schedules of Courses for
Next Two Years are Published—
Registration to be Held by
Classes.

New schedules of high school courses for 1923-24 have been issued by the faculty and are being distributed to the students. There are practically no changes in the curriculum, with the exception that seniors who have had less than one year of history are required to take United States history and civics. This is done in order that students who graduate from high school may have a more definite knowledge of these important subjects.

The schedules of courses are issued this early in order that parents and pupils may have ample chance to examine them before registration. It is planned to register students in about two weeks. Each class will register separately and students from the David Prince will also register as freshmen.

The following general suggestions are made on the printed schedule:

1—Regular work is four major subjects. Five subjects may be taken only in exceptional cases approved by the principal. In no case unless the student has an average of 85 or above.

2—Sixteen units are required for graduation. Three years of English are required for graduation, but the student is required to take English each year he is in school. Requirements conform to those of North Central Association of High Schools and Colleges.

3—Classes in music, art and gymnasium (including athletics) will be arranged.

4—Students who are poor in spelling and penmanship may be assigned to special work in these subjects.

5—Students must be able to write well enough to grade 80 on the Ayers' writing scale or must take writing until able to do so.

6—One curriculum should be selected and followed through high school.

7—Credit will not be given for one semester of work in a subject that continues for two or more semesters unless it is accompanied by at least one full credit in the subject.

8—To get credit for one year of a language it must be offered along with at least two years of some other language.

Brooklyn Brevities

It is no exaggeration to say that the Union service Sunday night with the School for the Deaf was the biggest and best attended service held at Brooklyn church for many years. The crowd packed the house and even standing room was at a premium. The illustrated hymns were very beautiful and as the pictures were thrown on the screen, and were sung by the congregation and interpreted by members of the school in the sign language, they made an impression that will not soon be forgotten. America was signed by three young ladies, Edna Dirks, Mae Adcox and Eleanor Chambers, and "Onward, Christian Soldiers," by two young men in Scout uniform, Walter Mannen and William Johnson. A charming exercise was given by the little tots from the school, which represented the sun and showers, causing the spring flowers to grow and bloom. "Nearer My God, to Thee" presented in the sign language by Thelma Skedsmo, Louise Schilling and Marie Parker, all dressed in white, gave a new and vivid meaning to the old hymn. The most striking number of the program was given by the class in rhythm under the direction of Miss Sandberg. Eight children stood on chairs around the piano, played by Miss Russell, with hands touching the instrument and sang with voices and pronunciation that would have been creditable to children who could hear, a number of nursery rhymes called out frequent applause from the audience. Miss Grace Haseenah interpreted the hymns for the audience and Mr. T. V. Archer, principal of the school interpreted the pastor's sermon on Jacob's dream of the golden ladder and Mr. G. H. Putnam pronounced the benediction in sign language.

Next Sunday evening, a great candle-light service will be held, to which the public is invited.

REMOVAL NOTICE

FORTY HOUR DEVOTION SERVICE

The forty hour devotion is being held at St. Bartholomew's Catholic church at Murrayville. Service began Sunday morning and are being conducted by Reverend Father W. P. CANTILEVERS
ARE ALL-DAY
SHOES

It's not hard to find a pair of shoes that are comfortable as you walk down town in the morning, fresh and untired; but it's quite a different matter to find a pair that will be equally easy on your feet after a long, tiring day.

Cantilevers are specially designed to give support that will prevent extreme foot-fatigue, and for this reason will be as comfortable at night as when you first put them on.

Comfort and foot well-being are the most important results of wearing Cantilevers, but they have the added advantage of looking smart for tailored wear at all times. The flexible Cantilever arch, that gives with every movement of your foot, will make you unconscious of wearing shoes at all, except for the comforting assurance of being well-shod.

Market Report

WHEAT UNDERGOES
SHARP DECLINE MONDAY

CHICAGO, April 16.—Wheat
underwent a sharp decline in
price today owing chiefly to bet-
ter weather northwest but also
more or less as a result of the
United States supreme court de-
cision upholding the grain fu-
tures act. The market closed un-
settled 1 1/2 to 2 1/2c net lower, with
May \$1.24 1/2 to \$1.24 1/2 and July
\$1.21 1/2 to \$1.22. Corn finished 1
to 1 1/2c to 1 1/2c, oats off 1/2c to
1 1/2c and provisions varying from
1 1/2c decline to 5c advance.

For a moment at the outset
wheat prices were on the up-
grade and July delivery touched
a new high price record for the
season.

Declines which ensued had
been in progress two hours before
announcement was made that
the grain futures act had been
declared constitutional. No decid-
ed additional setback in prices
took place immediately an hour
later when details of the supreme
court decision about trading in
future deliveries were at hand
the market underwent a materi-
al further decline.

Some rallying power was shown
by the wheat values as the day
came to an end the upturn failed
to get more than a fraction above
the low point which had been
reached. A small increase of the
visible supply was a handicap on
the bull side of the market and
so too was the fact that primary
receipts continued of good vol-
ume. Corn and oats followed
wheat in a downward swing of
prices. With weather more sea-
sonable and with a number of
traders inclined to be pessimistic
over the supreme court decision
recoveries lacked vigor.

Provisions were depressed by
weakness inlard quotations at
Liverpool.

MADRIGAL CLUB GAVE PROGRAM

Illinois Woman's College Organization Please Large Audience
—Violin Numbers Vary Program.

The Madrigal club of Illinois Woman's College is an institution of dignified antiquity and the leadership have been many in the years of its history. The club works with serious purpose to make its personnel acquainted with the best literature for ladies voices from as many and varied sources as possible.

The appearance of the club last night was the third annual event under the direction of Mrs. Forrest.

The selections were highly touched with "local color" being folk songs from England, Scotland and Belgium.

The attacks, phrasing, dynamics and ensemble of the club were creditable to a high degree. Miss Marie Luke was the pianist of the occasion and brought to herself the usual recognition merited by her skillful work.

The program was varied by three ensemble numbers presented by the violin department, one number for two violins and two numbers for three violins.

The short and delightful program will live long in the memories of the enthusiastic audience. It is a matter of regret that such a program is heard once and then "all is over."

After the last number, in response to insistent demand,

IS ELECTED MAYOR OF TOWN IN TEXAS

Word has been received in this city regarding Albert Knollenberg's election as mayor of Canadian, Texas. Mr. Knollenberg was formerly a well known resident of Jacksonville and his many friends will be glad to learn of the honor shown him in his present home.

While here he was interested in the Garland & Co. clothing store and now owns a building on the west side of the square.

Out of a total vote of 382, Mr. Knollenberg received 157, while his nearest competitor received 148, this third man receiving 72 votes.

The Canadian Record, in reporting the results, pays Mr. Knollenberg the highest compliments, for his business ability, and predicts a very successful administration for him and his associates for the next two years.

Merle Smedley, salesman with Andre and Andre, spent Sunday with his mother, Mrs. R. B. Sheddley, at Waverly.

"Grizzly Grumpy Granny" was repeated.

Mrs. Forrest has again presented a program that shows her to be a musician of broad culture. The college and the public are alike grateful to her for this phase of her year's work.

DISCUSS PICNIC AND DAILY BIBLE SCHOOL

Ministerial Association in Regular Meeting Starts Plans for Important Events—Meeting of Sunday School Workers on May 1 — Church Publicity is Topic.

Plans for a country wide Protestant picnic, to be held during the summer, were discussed Monday morning at the regular meeting of the local Ministerial association. Arthur Swain, who was chairman of the arrangements for the Methodist picnic last year, was present and requested the pastors to take up the matter with their churches. It had already been decided to enter into a plan for such a picnic this summer, and Mr. Swain thanked the pastors for their willingness to co-operate in the enterprise.

It was decided that the ministers, with one layman from each church, should hold a meeting and luncheon at the Peace Inn, on Monday, April 22, at which time definite arrangements for the celebration will be made. Mr. Swain will also be present and will submit a list of committee titles, to guide the committee of pastors and laymen in its plans.

Plans were also started for the second annual daily vacation Bible school. It was the general feeling of the ministers that this movement should be continued, as the school last year brought such good results. Some changes, however, may be made in the plan of carrying on the school. Rev. Stickney, president of the association, appointed Revs. Tull, Marbach and Pontius as a committee to make arrangements for the holding of the school this year.

Mrs. Charles Hopper, county superintendent of the home department work in the Sunday schools, was present at the meeting, and asked the co-operation of the pastors in giving the program of the annual luncheon and meeting on May 1 at Westminster church. At this time about sixty home department and cradle roll workers in the Sunday schools of the county will gather for a dinner and conference. These meetings have been held for the past several years and have proven very helpful.

It is the plan at the coming meeting to stage a debate on the question: "Resolved, that the home department is of more value to the Sunday school than the cradle roll." Mrs. Hopper has asked the pastors to take part, two upholding each side of the debate. Others will also take places on the program.

E. C. Rutherford addressed the ministers on the subject, "Journalism, and its Relation to the Church." A general discussion followed the talk, in which the ministers spoke very highly of the press as a power for good. Rev. Mr. Langton told of the publicity which his church and the City of Jacksonville had received from an extended account of the dedication of the Episcopal church, which was published in the local papers. Rev. Mr. Langton sent about two hundred papers containing the account to various sections of the country. He has heard many times from the effect of these papers in other states, and has made a number of trips to cities where he was asked to preach, because people had heard of him thru reading the accounts of the dedication.

CARS IN COLLISION SUNDAY EVENING

An auto accident occurred at the intersection of Clay avenue and East College street Sunday evening about 8:45 o'clock, doing considerable damage to both cars, but doing very little damage to the occupants.

William Berry, 421 North Pine street, driving a Buick north on Clay avenue with a party of friends collided with a Willys-Knight, driven by John Middendorf, residing on the Morton road, who was going east on College street. Both rear wheels were torn from Mr. Middendorf's car and the car was thrown up on the northeast curbing and headed back southwest. Mr. Berry's car was completely turned around and headed toward the south but did not sustain as great damage as did the other car. One young lady in the Middendorf car was slightly injured.

RETURNS FROM MEETING OF PASSENGER AGENTS

D. C. Diltz, agent of the Chicago and Alton Railroad Co., returned from Springfield Sunday evening where on Saturday he attended a meeting of passenger conductors and principal agent of the system to discuss the new mileage books which goes into effect on May 1. The meeting was presided over by George Charlton, passenger traffic manager. Mrs. Diltz, who has been visiting her daughter, Mrs. H. A. Fitch, in Springfield for a week returned to Jacksonville with her husband. Miss Grace McAllister, operator and ticket clerk for the C. & A. also attended the meeting returning Sunday evening.

BAPTIST CHURCH HAS MADE GOOD PROGRESS

Many Added to Membership During First Two Years of Present Pastorate — Much Done Toward Projected Sunday School Plant.

Two years of the pastorate of Rev. A. P. Howells at First Baptist church in this city are nearing a close. On Sunday morning Rev. Howells read to the congregation a list of achievements made by the church during this period. Altho there has been no spectacular progress, the church has been steadily growing and working in a quiet way. Much has been done toward the new Sunday school plant, which the church hopes some day to erect on the north end of the property. The following is a list of the things accomplished by the church and its various departments during the preceding two year period:

Including eleven awaiting letters and baptism, there have been 102 additions to the First Baptist church, 49 of whom were baptised by the pastor, since Rev. A. P. Howells took up the pastorate two years ago. Rev. Howells was called from the acting pastorate of the First Baptist church of Douglas, Ariz., to an acting pastorate here and began his work on April 10, 1921. Three months later this pastorate was made permanent.

Some evidences of the fact that the church is moving forward is indicated by the following which has occurred within the last two years—a \$5,300 parsonage purchased; the removal of the old Baracca house to make room for the prospective Sunday school building; renovation of the Baptist chapel on Ashland avenue; discontinuance of suppers and bazaars for commercial purposes; organization of a tithe league; clearing of a \$1,200 war time debt; consolidation of the Women's Missionary society and the Pastor's Aid Society into the Baptist Women's union which contributes \$300 annually toward the new world movement by free will offerings; two annual church schools of missions lasting six weeks each, with a total attendance of 2,924; the inauguration of a church missionary night on the last Sunday night of each month; the housing of the intermediate, hammock and basket weaving departments of the first community daily vacation Bible school; the organizing of an intermediate B. Y. P. U. with 60 members; the putting over of a calling campaign resulting in 3,173 visits and the successful termination of a personal work campaign for fifty additions to the church in fifty days. Many other evidences of progress could be enumerated but these are the outstanding features. A program of other activities as being outlined for the next two years, culminating it is hoped in the erection of a model Sunday school building on the north end of the church property.

HAS NARROW ESCAPE

Russell Hoffman, 12 year old son of Mr. and Mrs. George Hoffman of 1097 North Fayette street successfully passed Friday the 13th without mishap, but Sunday the 15th came very near proving fatal to him.

He was playing with a neighbor boy, Wilbur Fernandes, in a yard nearby, where the house had been recently burned down. While trying to get a shot at some sparrows with his air rifle, he went too close to an old well on the lot, and stumbled into it without noticing that he was so close. The well, which was originally 30 feet deep had been filled with rubbish up to within about ten or twelve feet of the top, and contained about two feet of water. Frank Branstiter, a neighbor heard his cries and finally succeeded in getting him out with no more serious injuries than a bruise on his side and an injured finger. Mrs. Branstiter, when she heard the boy's cries, sent in a call to the fire department to bring ladders, but as Mr. Branstiter got him out so quickly, the call was cancelled before the department made the run.

RUNS NAIL THRU FOOT.

Mrs. Maurice Thompson of the Buckhorn neighborhood had the misfortune to run a nail thru her foot late Sunday afternoon. She went to the chicken yard and in the gathering darkness did not see the nail which projected from a board and stepped directly upon it, a very painful injury resulting.

Mrs. Thompson was brought to this city and is now at the home of Mr. and Mrs. George Thompson on South East street. Dr. W. P. Duncan is the attending physician.
